## E.D.A. LOAN REVIEW & APPROVAL PROCESS

The complete E.D.A. Loan review & approval process usually takes 10 - 45 days from the submission of a complete application to actual disbursement of the loan. Processing time varies depending on the complexity of the loan application & timing of Loan Committee meetings.

1. Applicants complete & submit all documents in the E.D.A. application package. Applicants are always encouraged to utilize E.D.A.'s Loan Officer and/or a Committee designee to assist them whenever difficulties are encountered. Legibility, completeness, and organization of the information requested directly impacts application review time.
2. Within five (5) working days of submission E.D.A.'s Loan Officer reviews application for completeness and internal consistency. Applicant will be contacted immediately if any additional information is needed.
3. Within fourteen (14) working days from the time a complete and consistent Loan Application Package is received, it is thoroughly analyzed by both the Loan Officer and an E.D.A. Loan Committee designee for job creation capacity and other economic development benefits, commercial financing eligibility, profitability and the ability to repay the loan, adequacy of collateral, equity contribution, evidence of adequate markets to support projected sales, and management capacity. If any information requires clarification the applicant will be contacted.
4. When the analysis is complete, a concise loan summary is prepared, and then forwarded to the E.D.A. Loan Committee.
5. The Loan Committee may take up to 30 days to review the Loan Application Package. Its members then meet to formulate an approval or denial recommendation. Loan Committee meetings are held every 30 days and may vary subject to the number of loan requests received. The Hoopa Valley Tribal Council appoints the five E.D.A. Loan Fund Committee members. At least two Committee members must be Tribal members and at least two must have commercial lending experience.
6. Upon Committee approval, E. D.A's Loan Officer notifies the applicant, and then drafts loan documents which specify the term, interest rate, collateral requirements, and other special provisions which will become legal binding on the borrower. If real estate is part of the collateral, a preliminary title report will be ordered. Additionally, any required appraisals will be initiated. If E.D.A. encounters complications in perfecting its liens on the collateral offered, delays in closing may occur. E.D.A. may also obtain an attorney's advice in complicated collateral situations. This final preparation for closing may take two (2) to sixty (60) days depending on complexity and those third party requirements.

7. Generally, qualified borrowers should receive their loan proceeds within 45 days from the time they submit a completed Loan Application Package; however, if application forms and documents are accurately and thoroughly completed, a faster approval and closing may be possible.

**APPLICANTS SHOULD NOT MAKE ANY LEGALLY BINDING COMMITMENTS TO THIRD PARTIES BASED ON THE ASSUMPTION THAT AN E.D.A. LOAN WILL BE APPROVED OR ISSUED BY A SPECIFIC DATE. E.D.A. WILL NOT ACCEPT RESPONSIBILITY FOR PREMATURE COMMITMENTS INAPPROPRIATELY MADE BY APPLICANTS.**

E.D.A. LOAN PROGRAM  
GENERAL ELIGIBILITY GUIDELINES

REVOLVING LOAN PROGRAM GOAL

The primary goal of E.D.A.'s Revolving Loan Fund program (RLF) is to support development of feasible economic base businesses on or adjacent to the Hoopa Valley Indian Reservation, which will create new jobs without taking sales away from existing local businesses.

APPLICATION PROCESSING and LOAN SERVICING FEES

E.D.A. does not charge any application processing or servicing fees; however, if E.D.A. incurs any third party charges for credit investigation, appraisals, title company services, document filing fees, or attorney assistance, these fees are passed on to the applicant. These fees can range from \$10 to \$2,000 or more, but may be paid out of the loan proceeds if the loan is approved. Use of real estate as collateral, and the need for attorney review or assistance are the main factors which could increase costs. E.D.A.'s Loan Officer can help applicants estimate the amount of charges that may be incurred for their particular application.

JOB CREATION REQUIREMENTS

Applicants are required to directly create one "Full Time Equivalent" (FTE) job for each \$15,000 borrowed from E.D.A. Projects not explicitly meeting the one job per \$15,000 standard may be approved if they accomplish other economic development goals. Creation of indirect jobs and quality (e.g. higher paying) jobs shall be among the offsetting factors considered.

JOB RETENTION LOANS

Although new jobs are the primary goal, job retention shall count towards meeting the jobs standard if a business needs RLF funds to support its continued operation on the Hoopa Valley Reservation. An E.D.A. loan, however, shall not be justified solely on job retention ground for businesses not presently able to operate profitably.

PRIVATE SECTOR FINANCING

Since it is against E.D.A.'s policy to compete with private sector lenders, applicants must first seriously explore opportunities to obtain loan funds for their projects from commercial lenders, or other private sources. E.D.A. can provide supplementary financing in situations where a commercial lender may be willing to loan only a portion of the required funds. To encourage lenders' consideration of

joint participation in these situations, E.D.A. generally offers to subordinate its loan and related collateral position.

#### USE OF PROCEEDS

RFL funds may be borrowed for any activity necessary to accomplish business expansion or retention including purchase of land, buildings, equipment and inventory; leasehold improvements; and working capital. If proceeds are used for construction, owners or contractors are required to pay prevailing wages to any employees involved in the construction work. Special provisions may also apply if the business expansion project is likely to force relocation of low income residents.

#### COLLATERAL

Loan funds must be secured by collateral with resale value equal to at least 100% of the loan amount. Owners of corporations are always required to offer Personal Guarantees as supplemental security. If there is insufficient collateral to secure the loan, the borrower may use "lent collateral" pledged by a relative, friend, or etc.

#### PUBLIC AND NON-PROFIT AGENCY APPLICANTS

E.D.A. loans are primarily intended for private sector borrowers; however, non-profit and public agency loan requests can be considered for projects beneficial to the Hoopa Reservation's economy if there is a firm source of revenue for repayment, and other requirements are met.
